

# BORDER MONITORING SITREP | IOM HAITI

TRACKING RETURNEES FROM THE DOMINICAN REPUBLIC

AUGUST 17, 2017

## OVERVIEW

In June 2015, in response to the increased tensions between Haiti and the Dominican Republic, and following a request of the Ministry of Interior and Territorial Communities, IOM together with its International and National Civil Society partners established the Border Monitoring Network and Displacement Tracking Mechanism. The **Border Monitoring Network** focuses on the identification, and profiling of persons crossing the Dominican-Haiti border as well as supporting the management and provision of assistance to vulnerable individuals. Currently IOM's border monitoring activities covers 50 BCPs. This document presents a summary snapshot of monitoring activities conducted by IOM and its partners at the border between Haiti and the Dominican Republic (DR).

## UPDATE

During the month of July 2017, **6,969** individuals were officially deported. This represents an increase of 51% from June 2017 as well as the highest number of official deportations since October 2015.

However, following the one year extension of the PNRE (granted on July 26<sup>th</sup> 2017) by the Dominican National Immigration Council, official deportation rates have returned to normal.

## CUMULATIVE HIGHLIGHTS: JULY 2015 -17 AUGUST 2017

### General:

- **138,870 households (218,610 individuals)** have been voluntarily registered by the border monitoring network while they crossed the border into Haitian territory.
- **32.3%** were female while **67.7%** were male.

<sup>1</sup>Plan Nacional de Regularización de los Extranjeros

<sup>2</sup>The figures of official deportations are as of 15th August 2015 and are the total number of individuals that agreed to be registered voluntarily by IOM's network of enumerators along the border.

<sup>3</sup>The difference in figures between the current and previous SitRep is because the data reflects the date of entry into Haiti and not the date of the entry into the database. Data entry is continuous.

<sup>4</sup>The total weekly figures are comprised of all spontaneous returns and all deportations including the officially deported individuals who did not agree to be registered but were still counted.

## VULNERABILITIES

Border enumerators are trained to identify potential protection cases who may need help or tailored assistance upon re-entering Haiti. Returnees in need are referred to partner organizations such as UNICEF and UNHCR after the initial interview with IOM staff. Most often, protection-related cases deal with unaccompanied and separated children who have crossed into Haiti through official or unofficial means.

### Presumed unaccompanied and Separated Children (UASC)

Among the persons crossing the border, the network encountered **3,857 cases of UASC**. After referral to the relevant government authorities (IBESR) and their partners (UNICEF), **1,232** were identified as UASC and the appropriate actions were taken to assist them:

- **769** were reunited with their parents
- **229** were reunited with other relatives

**2** are still awaiting family reunification.
